## Statement on Compliance with REACH Regulation (EC) No 1907/2006

As downstream users, Tinby is not responsible for the registration of substances. The products which you receive from us are produced from raw materials which must be registered by the raw material suppliers / manufacturers. We are only able to relay the information which we have received from the raw material suppliers / manufacturers.

We have received confirmation from our suppliers that the raw materials we use comply to REACH Regulation (EC) No 1907/2006 and that none of the ECHA identified 233 Substances of Very High Concern (SVHC - List updated 17-01-2023) is present in concentrations above 0.1 % in any product delivered from Tinby.

We will fulfil our obligations under REACH and inform you if there is a change in the situation, either because of the continuous revision of the SVHC-material listing or updated information we receive from our suppliers.

The data indicated above correspond to status of our current knowledge and the data refer to the state of the laws at the date of issue.

With best regards
